

# Stoney Cove is open for diving and swimming with social distancing measures in place.

Stoney Cove is now open for diving and swimming for seven days per week, Monday through to Sunday, 8:30am until 4:00pm for diving each day and as we are limiting the number of divers, there is no reason to arrive here very early.

By limiting the number of persons at Stoney Cove at any one time have created sufficient space for social distancing. In addition we are restricting access to some of our facilities.

To Dive or Swim, follow the ticket links on the home page of [stoneycove.com](http://stoneycove.com). To buy Dive or Swim tickets please create an account on the ticketing page. Dive accounts are approved manually so this may take a couple of days, please be patient. After a couple of days, log in using your user name and password to buy tickets. If you have problems call us on 01455 273089 Wednesday to Friday. Admin is closed over the weekend but available Wednesday until Friday. Once your ticket account is open and you login, follow the link "Book Tickets" Here you will see the days when tickets are available. You can buy up to two tickets, once you have purchased your ticket you can download it to your phone. You will be asked to show your ticket and your Diverlog card at the gate when you arrive at Stoney Cove. Please familiarise yourself with our following distance measures...

- \* The changing rooms are closed
- \* The toilets are open, one person at a time please, please use the sanitising products and flush the toilets
- \* Please park your car in a place without a red cone
- \* Nemo's take out is open, one at a time to the hatch and stand back while you place your order
- \* We can refill your cylinder with air but not Nitrox. Please place your cylinders in the marked area and we will spray them with santiser.
- \* The Underwaterworld dive store is open one person at one time, with a face mask, and we are able to accept dive equipment for test or service

Nemo's Bar and Restaurant is now open and those lovely people at Nemo's will open the take out hatch for food and drink.

Please look at our website for further information as we publish it and if you choose to come to Stoney Cove, have a great day and have respect for each other as our staff manage the difficult task of re-opening.

If your Diverlog registration has expired please call 01455 273089 to renew your card.

We are recommending that you dive defensively, avoiding deep dives and decompression dives. We also recommend that you do not undertake any teaching at this time...this will come later.
